

HP Compaq nc6120 Business Notebook PC

HP recommends Microsoft® Windows® XP Professional

The HP Compaq nc6120 Business Notebook PC provides the perfect balance of mobility, advanced connectivity features, stability and reliability at great value. The sleek, lightweight design and all day battery life (with optional travel battery) combined with security and manageability features make the nc6120 ideal for mobile professionals looking for productivity at a great price.

Latest technology

The HP nc6120 combines a 14- or 15-inch display with the latest Intel® Pentium® M processor and Intel® Centrino™ mobile technology for wireless connectivity and improved battery performance.

Thin and light

Weighing only 2.6 kg and just 30.3 mm thin, the HP nc6120 is easy to carry and use – wherever work takes you.

All day mobile productivity

A primary battery life of up to 4.5 hours can be doubled with the optional, uniquely designed travel battery for all day mobile power.

Scalable desktop solution

A choice of optional docking stations, which can be shared with other 'nc' series models, convert the HP nc6120 into a scalable desktop solution with additional port connections. Effortless 'one touch' docking allows quick and easy desktop functionality. The vertical monitor stand (optional) improves ergonomics and eliminates the need for a secondary monitor.

Unique features

The HP nc6120 includes features unique to the HP 'nc' series, such as enhanced security with HP ProtectTools, HP Client Management Solutions, long lifecycles, global availability and services, as well as common image, docking and accessories. This not only reduces IT complexity and ongoing lifecycle costs, but also makes deployment and maintenance easier.

Quality and reliability

A quality construction with in-mould laminate creates a scratch and dent resistant notebook built for rigorous mobile user environments. Extensive testing and certifications ensure best in class quality and reliability. The HP Mobile Data Protection System reduces the risk of data corruption. HP Local Recovery Solution by Altiris enables quick recovery of data.

Thin and light notebook providing the perfect balance of mobility, affordability and connectivity

HP Compaq nc6120 Business Notebook PC

HP recommends Microsoft® Windows® XP Professional

Operating system	Microsoft® Windows® XP Professional Microsoft® Windows® XP Home (select countries only) Microsoft® Windows® 2000 drivers available on www.hp.com
